

MULTISHIELD

galvanised steel composite sheets

A double-sided composite panel offering greater strength and rigidity, Multishield's galvanised steel sheets have two different coatings and the added benefit of being receptive to magnetic media.

Why use MultiShield?

Strong & Durable Galvanised Steel

Magnetically receptive surface

Self-supporting

Distinct coating on either side

Five Year Guarantee for indoor and outdoor use

Applications

White boards

Printing direct

Sign making

POS Displays

Transport

Hoarding

Industrial production

MULTISHIELD

galvanised steel composite sheets

SUPERB FOR HOARDING, WHITEBOARDS & PRINTING

Both sides of the panel have a flat, smooth, uniform surface, one side with a digital coating to help produce vibrant, colour-fast prints and the other side with a whiteboard coating.

Ideal for hoardings, whiteboards, printing and many other applications, the galvanised steel provides additional strength plus the versatility of a magnetically receptive surface.

Multishield panels can be fabricated, are strong, self-supporting and offer outstanding reliability with the backing of a 5 year guarantee.

Property

Colour	White		
Panel Thickness	3mm	4mm	6mm
Skin Thickness (mm)	0.25	0.25	0.25
Weight (kg/m ²)	6.35	7.36	9.37
Skin	Galvanised Steel with digital & whiteboard coatings		
Core composition	LDPE		
Sheet sizes (mm)	1220 x 2440, 1220 x 3050		

1 Adhesive Layer

2 Paint Finish

3 PE Core

4 Galvanised Steel Skin

5 Protective Film
